FIRST USE OF MY ZECIRCLE2

Before pairing your ZeCircle^2 for the first time, please charge your device. After charging the device, a SET UP message will prompt you to set up your ZeCircle^2 using a mobile device.

HOW TO SYNC MY DATA ON ZECIRCLE2 APP?

To synchronize your data from your ZeCircle^2 on your App, make sure that your ZeCircle^2 is paired with your mobile device.
Then, go to the Activity homepage of ZeCircle^2 App to sync your data to your mobile device. Slide your finger down the screen to synchronize your data.
You can also enable the continuous synchronization mode to synchronize your data every two minutes.

Warning! Turning on this feature will have a noticeable impact on the battery.

HOW TO CHANGE MY ZECIRCLE2 WATCH FACE?

• **Directly from your ZeCircle²**

Go to the main menu of your ZeCircle^2, select the watch face icon 🕐 and swipe your finger from left to right to see the different watch faces available. Click on the watch face that you want to select

• **From ZeCircle² mobile app**

Go to the Settings tab and click Watch faces and select the watch face you want.

HOW TO NAVIGATE ON MY ZECIRCLE2 SCREEN?

• **Wake the device**
To activate your ZeCircle^2, please double tap the touchscreen ZeCircle^2. Screen turns off when not used

• **Exit a menu**
To exit a menu, double tap the touchscreen

• **Move between screens**
Swipe left or right up or down

• **Select a menu**
Single press the corresponding icon

Tips
To ensure your ZeCircle^2 precisely responds to pressure, we recommend using your finger and not your fingernail.

MY ZECIRCLE2 IS NOT DETECTED BY THE MOBILE APP, WHAT CAN I DO?

If your ZeCircle^2 is not detected by the mobile App, we suggest to carry out a manual reset.
To do this, follow the steps below :
• Put ZeCircle^2 on the magnetic charging dock
• Plug the magnetic charging dock to a suitable power supply.
• While ZeCircle^2 is charging, insert a small pin into the hole located on the back of ZeCircle^2 dock/charger
• Press and hold down for 3/5 seconds and then release
• A message « MyKronoz » will appear confirming the success of the operation.
• After this procedure, perform a new pairing process via the ZeCircle^2 mobile App

HOW DO I START SLEEP MODE ON MY ZECIRCLE2?

ZeCircle^2 tracks the hours slept and the quality of your sleep.

Start / Exit sleep mode
• From the device
Tap on the sleep icon from the main menu page.
To enable sleep mode from the sleep interface press start. To exit sleep mode and switch to activity mode, press the stop button.

• From the mobile app
To start/end sleep mode, open ZeCircle2 App, tap on the bottom purple sleep bar, click on "..." at the top > Start Sleep now/Awake
Preset sleep
Open ZeCircle^2 App > Go to Settings > Advanced settings > Click on Preset sleep to enter your desired bed and wake up times. By default, ZeCircle^2 will track your sleep from 11pm until 7am

HOW TO ENABLE THE INACTIVITY ALERT?

Your ZeCircle^2 can help you set goals and it will remind you in case of inactivity. You can for example set a daily goal (number of steps, distance, etc.) and track your progress over time.

The ZeCircle^2 can also alert you in case of inactivity and encourage you to move!

To activate the inactivity alert, go to the Settings tab of your mobile application and click Advanced Settings and select Inactivity alert. You can simply select the beginning, end, day and inactivity alert intervals in just a few easy steps. Do not forget to click Save to save your settings.

HOW CAN I UPGRADE MY ZECIRCLE2 WITH THE LATEST FIRMWARE AVAILABLE?

ZeCircle^2 features OTA technology (Over The Air) that allows you to do the firmware upgrade directly with your mobile phone. Once an update is available, you will receive a warning on the application. You just need to accept the update in the settings of the App, the update will then proceed automatically.

HOW TO DELETE MY ACCOUNT?

To delete your account associated with your ZeCircle^2, please contact our technical support by email: support@mykronoz.com
Please send us by mail the email address used to register.

HOW TO RECEIVE NOTIFICATION ON ZECIRCLE2?

Once Bluetooth is enabled and the ZeCircle^2 application is installed on your smartphone, ZeCircle^2 shows notifications of incoming and missed calls, SMS, email, social media activity, calendar events and anti-lost alert.
To enable them, open ZeCircle^2 App, tap Settings > Notifications to select the notifications you want to receive onto your ZeCircle^2.
When you receive a notification, you will be notified on your ZeCircle^2.

Setting up notifications for iOS users
• Go to Settings of your iOS device:
• Tap «Notification center»
• Select which type of notifications you wish to receive on ZeCircle^2
• Enable «Show in Notification Center» to receive the notification on ZeCircle^2

Tips
If you can not receive your notifications on your ZeCircle^2, disable them one by one on the App and then activate them all. After this, perform a new test.
Enable the Bluetooth and your internet connection (3G/4G) in order to receive notifications on your ZeCircle^2.
