TOP 6

OF THE MOST FREQUENTLY ASKED QUESTIONS

HOW TO USE ZEROUND TOUCHSCREEN?

Switch ZeRound on/off: Hold the right button

Activate ZeRound display: Press the right button or tap on the bottom touch-sensitive area

Select a feature: Tap with one finger to open or select a menu item

Get back/previous screen: Tap on the bottom touch-sensitive area

Check your real-time activity: From the homepage, slide to the right to view activity screens

Check your notifications: From the homepage, slide up to see your latest notifications

Access shortcuts: From the homepage, slide down to access shortcuts; Swipe to the right to see the weather

HOW TO CHANGE ZEROUND WATCH FACE?

- Long press the current watch face,
- Swipe left or right to go through the different watch faces available
- Tap on the one you want to select and use
- You can also modify your ZeRound watch face using the mobile application

HOW TO SET TIME ON MY ZEROUND?

Set up via ZeRound mobile application:

This configuration is done automatically after pairing your watch and phone.

If automatic setup does not work, follow these steps:

On your ZeRound, click the «Settings» icon and press «Clock»

Click «Sync Time» and «On»

Proceed with the configuration of your watch, the synchronization of time and date will succeed after the connection is established

Manual Setup:

On your ZeRound, click the «Settings» icon and press «Clock».

Click «Sync Time» and «Off».

Go back into the settings of the watch, tap «Date» to change the date and then on «Time» to change the time.

HOW TO UPDATE ZEROUND?

Updating ZeRound firmware can be done directly from your smartphone over the air (OTA).

Once an update is available, you will be notified on ZeRound application.

You just need to accept the update in the settings of the App, then, the update will start automatically (this process can take a few minutes)

Updating ZeRound App:

depending on your smartphone settings, updating **ZeRound App** can either be done automatically in the background or manually.

NOTIFICATIONS ARE NOT WORKING, WHAT CAN I DO?

To receive notifications, you need first to download ZeRound App available on the App store or Google Play store and install it on your smartphone

After installing the App successfully, follow the set-up instructions to connect ZeRound to your phone via Bluetooth.

A pop-up message will prompt you to pair with ZeRound, Accept the request to ensure successful Bluetooth pairing between your smartphone and your ZeRound (make sure that Bluetooth is enabled in your phone settings).

[Android users]

On the App, press "Notifications" tab at the bottom of the screen. Select the notifications you want to receive onto your ZeRound (SMS, mails, social media, calendar).

To enable a notification you will have to slide your finger from the left to the right (vice versa to disable).

[IOS users]

You must enable notifications from your iPhone settings. To do so, go into "Settings" and tap "Notifications". Select the notifications you want to receive onto your ZeRound. Then, activate the option « **Enable notifications** » to receive them.

HOW TO RECEIVE AND REPLY TO SMS ON MY ZEROUND?

After a successful Bluetooth connection and installation of ZeRound App, you can read SMS messages on your ZeRound (see article «How to receive my notifications on my ZeRound?»)

Quick reply :

[Android users]

Go to SMS menu. Click on the SMS you want to reply to, scroll down and select the answer mode. You can reply using the SMS template (Android only) or directly via the voice control feature (Google now)

[IOS users]

Go to SMS menu. Click on the SMS you want to reply to, scroll down and press the voice command icon to launch Siri and dictate your SMS reply.--

SET-UP AND PAIRING

1. FIRST DO NOT FORGET TO CHARGE ME

Before the first set-up, we recommend you to charge your ZeRound for about 2 hours. Make sure the pins on the cradle fit correctly onto the charging terminals on the back of the device. Plug the USB cable to a power source. A battery indicator will be displayed on the screen.

2. SET-UP AND PAIRING

To benefit from the full functionality of your ZeRound, you must first configure it with a smartphone. In order to know if your device is compatible or not, please refer to the technical sheet « Devices I am compatible with »

Set-up with a smartphone

STEP 1 MANUAL PAIRING

Hold on the button to turn on your ZeRound

Go to your iOS device's Bluetooth settings, make sure the connection is activated, and select ZeRound in the list of devices

During the pairing process, make sure the screen of your ZeRound is on.

This operation will allow you to make and receive calls with ZeRound

STEP 2 PAIRING WITH MOBILE APP

Enable Bluetooth on your iOS mobile device

Download **ZeRound** App for iOS from the App store

Sign up if you are a new member or **Log in** with your existing account. Follow the instructions on screen.
